EXPERIENCE

MICROVERSE, *Remote*
Mentor (Volunteer) | March, Year – Present

- I mentor junior web developers, providing technical support through code reviews.
- I propose improvements to code organization to improve code quality and overall performance.
- I provide advice and tips on how to maintain motivation to ensure longevity in the program.

SCANDIWEB, *Remote*
Full stack developer(intern) | October, 2021 – January, 2022
- Developed and implemented user interfaces, responsive layouts, and backend integrations for web projects.
- Expanded technical skills in HTML, CSS, JavaScript, PHP, and MySQL for front-end and back-end development.

EDUCATION

MICROVERSE | March, Year – Present
Remote Full Stack Web Development Program, *Full Time*
- I am spending 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.

Elshorouk | August, 2017 – September, 2021
Bachelor, Computer Science
- Completed a comprehensive curriculum encompassing core computer science principles, algorithms and data structures.
- Focused on computer science, gaining in-depth knowledge and skills in areas such as artificial intelligence, web development.
